AWESOME, RIGHT?

about

- about.tutors
- about.theTheme
- about.theModules
- about.us

about.tutors

The Tutors are available every Wednesday, 9-16

- At GBG A360
- and on Teams

Could you please check if it works?

about.theTheme

1. 6 weeks

2. *This theme is about creating dynamic, user centered web sites. Where you have previously made static web pages, this time, the content will be fetched from a database. You need to*

about.theModules

THE FIRST TWO WEEKS (MODULE 1)

- JavaScript & API's
- Mostly individual

Learn about JavaScript, git and data structures through an example case

(Actually, we're going to build a site with 44.000 products/pages)

about.theModules

THE THIRD WEEK (MODULE 2)

- Try out you new found skills in a small group project

Practise working in groups

about.theModules

WEEK 4-5 (MODULE 3)

- Design research
- Design Programs

about.theModules

WEEK 6 (MODULE 4)

- Client case, front end re-design

THEME DESCRIPTION

INTRODUCTION TO THE ASSIGNMENT

THE ELEPHANT IN THE ROOM

JS

How bad is it?

Git

How bad is it?

Let's look at the

1. Install day (fronter)
   (including, what is it)
2. JS Recap (fronter)
3. Static Product Assignment (fronter)
4. Example site
5. The database (Sample)
6. and talk about filters/categories
